Terms and conditions:

1. The copyright of the contribution identified above, is hereby irrevocably transferred to Modern Mathematics and Physics –Theory and Applications (MMAP).The copyright transfer covers the exclusive right to electronically store, reproduce and distribute wholly or in part, throughout the World, including publish, reprints, photographic reproductions, electronic form (offline or online), or any other reproductions of similar nature.
2. The undersigned warrants and represents that the contribution is original and has not been published elsewhere, and that he/she is the author of the article, except for material that is clearly identified as to its original source, with permission notices from the copyright owners where required, and that he/she has full power and authority to make and execute this paper submission and grant for MMAP, and that he/she has not granted or assigned any rights in the contribution to any other person, publisher or entity. Should the article contain any material protected by the copyright of others, it is the Author's responsibility to obtain permission from the copyright owner to reproduce any such material in his/her work prior to its submission and subsequent publication.
3. The undersigned declares that any person named as co-author of the contribution is aware of the submission and has agreed to being so named. The undersigned signs for and accepts responsibility for releasing this material on behalf of any and all co-authors.
4. The Authors retain all proprietary rights other than copyrights, such as patent rights. The Authors retain the right to reuse any portion of the work, without charge, in future works of the Author's own, including books, lectures and presentations in all media, provided that the publication by MMAP is properly credited and the relevant copyright notice
is prominently included.
5. This agreement is to be signed by at least one of the Authors who has obtained the assent of the co-author(s) where applicable. If any one of the Authors is employed and has prepared the article as part of his/her job, the rights to the contribution initially rest with his/her employer. In that case, when the undersigned signs the copyright transfer agreement, MMAP assumes the undersigned is authorized to do so on behalf of his/her own and all other employers of the co-authors of the article and that all of the employers have consented to all the terms and conditions of this agreement.
