References: Use \cite{ABS} to refer to the specific book/paper [1] in the text. Remove unused references. References should be given in alphabetical order with the following format:

a) To books author, title, publisher, location, year of publication;
b) To articles in periodicals or collections author, title of the article, title of the periodical (collection), volume, year, pagination.
c) Abbreviations of titles of periodicals and collections should be given following Mathematical Reviews at Abbreviations of names of serials, see www.ams.org/msnhtml/serials.pdf
